REMARKS

SOURCE

The MAGDEBURG-South (M 53/D 69) airfield was occupied by three PO-2s on 3 August 1949. The landing field is serviceable. The hangars were repaired in a makeshift fashion.

Comment: The condition of the airfield has not changed since 29 June 1949. The reported repair work at the hangars was apparently done recently. A previous report stated that clearing work was at the hangars.
